# Welcome to Inventionland

**Inventionland is a 60,000-square foot immersive work environment that opened its doors in 2006.**

Year after year, it tops countless lists of the most creative places to work in the world.

Originally meant as a way to inspire creativity in employees, today it is one of the top tourist spots in Pittsburgh, with over 30,000 people visiting Inventionland every year.

Are you ready to see the immersive work environment featured in Ripley's Believe It Or Not? You're invited to join us and discover where great ideas become innovative products. Plan your visit today!
